Integrated Report 2025

Invertek Drives at a glance

Worldwide **Operations**

- Assembly cell **manufacturing**
- **Global** supplier network
- Engineering **support**

Global **Products**

- Supplied over **3,200,000** drives
- Export **92%**
- **80+** countries
- Extensive **service network**

World-class **Innovation**

- **Innovation-led** culture
- **Right-first-time** manufacture

Multinational **Structure**

- **UK** based headquarters
- **365 UK and 425 Group employees** worldwide
- Owned by **Sumitomo Heavy Industries**, Japan

Easy to use **Products**

- **Optidrive E3** General purpose
- **Optidrive P2** High Performance
- **Optidrive Eco** Fan & Pump Control
- **Optidrive Elevator Core** Geared & Gearless
- **Optidrive Coolvert** Compressor Control

Member of Sumitomo Heavy Industries

Acquired in November 2019

Sumitomo Heavy Industries, Ltd

Mechatronics Division

Power Transmission & Controls Group (*brand name Sumitomo Drive Technologies*)

Sumitomo
Drive Technologies

Commitment to Sustainability

We are dedicated to minimising our environmental impact and promoting sustainable practices throughout our operations. We operate a wide range of environmentally sustainable energy-saving and generating systems:

- Photovoltaic rooftop panels, which create net-positive energy on some days.
- Manufacturing assembly cells have a regen system that recovers energy during VFD motor testing, reducing energy consumption.

Continuous Improvement

Demonstrating our commitment to leading environmental and social practices. Actively working towards achieving the EcoVadis Gold standard.

Awards and Recognition

Ranked 36th in top
100 manufacturers
in Wales, UK

(Insider Media)

Manufacturer of
the Year 2023 –
Wales

(Made in Wales Awards)

UK Manufacturer
of the Year Finalist
2024

(Made in UK Awards)

Named Top Tier 1
supplier to global
OEM

(1 of 31 out of
8,000 companies)

EcoVadis Silver Rating

In 2023, EcoVadis awarded a Silver rating. Independent assessment recognises our environmental, labour and human rights, ethics, and sustainable procurement efforts.

ISO 26000

Social Responsibility at our Core, proud to be certified to ISO 26000.

Underscores our commitment to ethical behaviour, transparency, and stakeholder engagement in all aspects of our business.

ISO Certifications

- ISO 9001:2015 Quality Management Systems
- ISO 14001:2015 Environmental Management Systems

We are committed to maintaining high standards in all our business areas and improving our social, economic, and environmental performance.

The King's Award for Enterprise

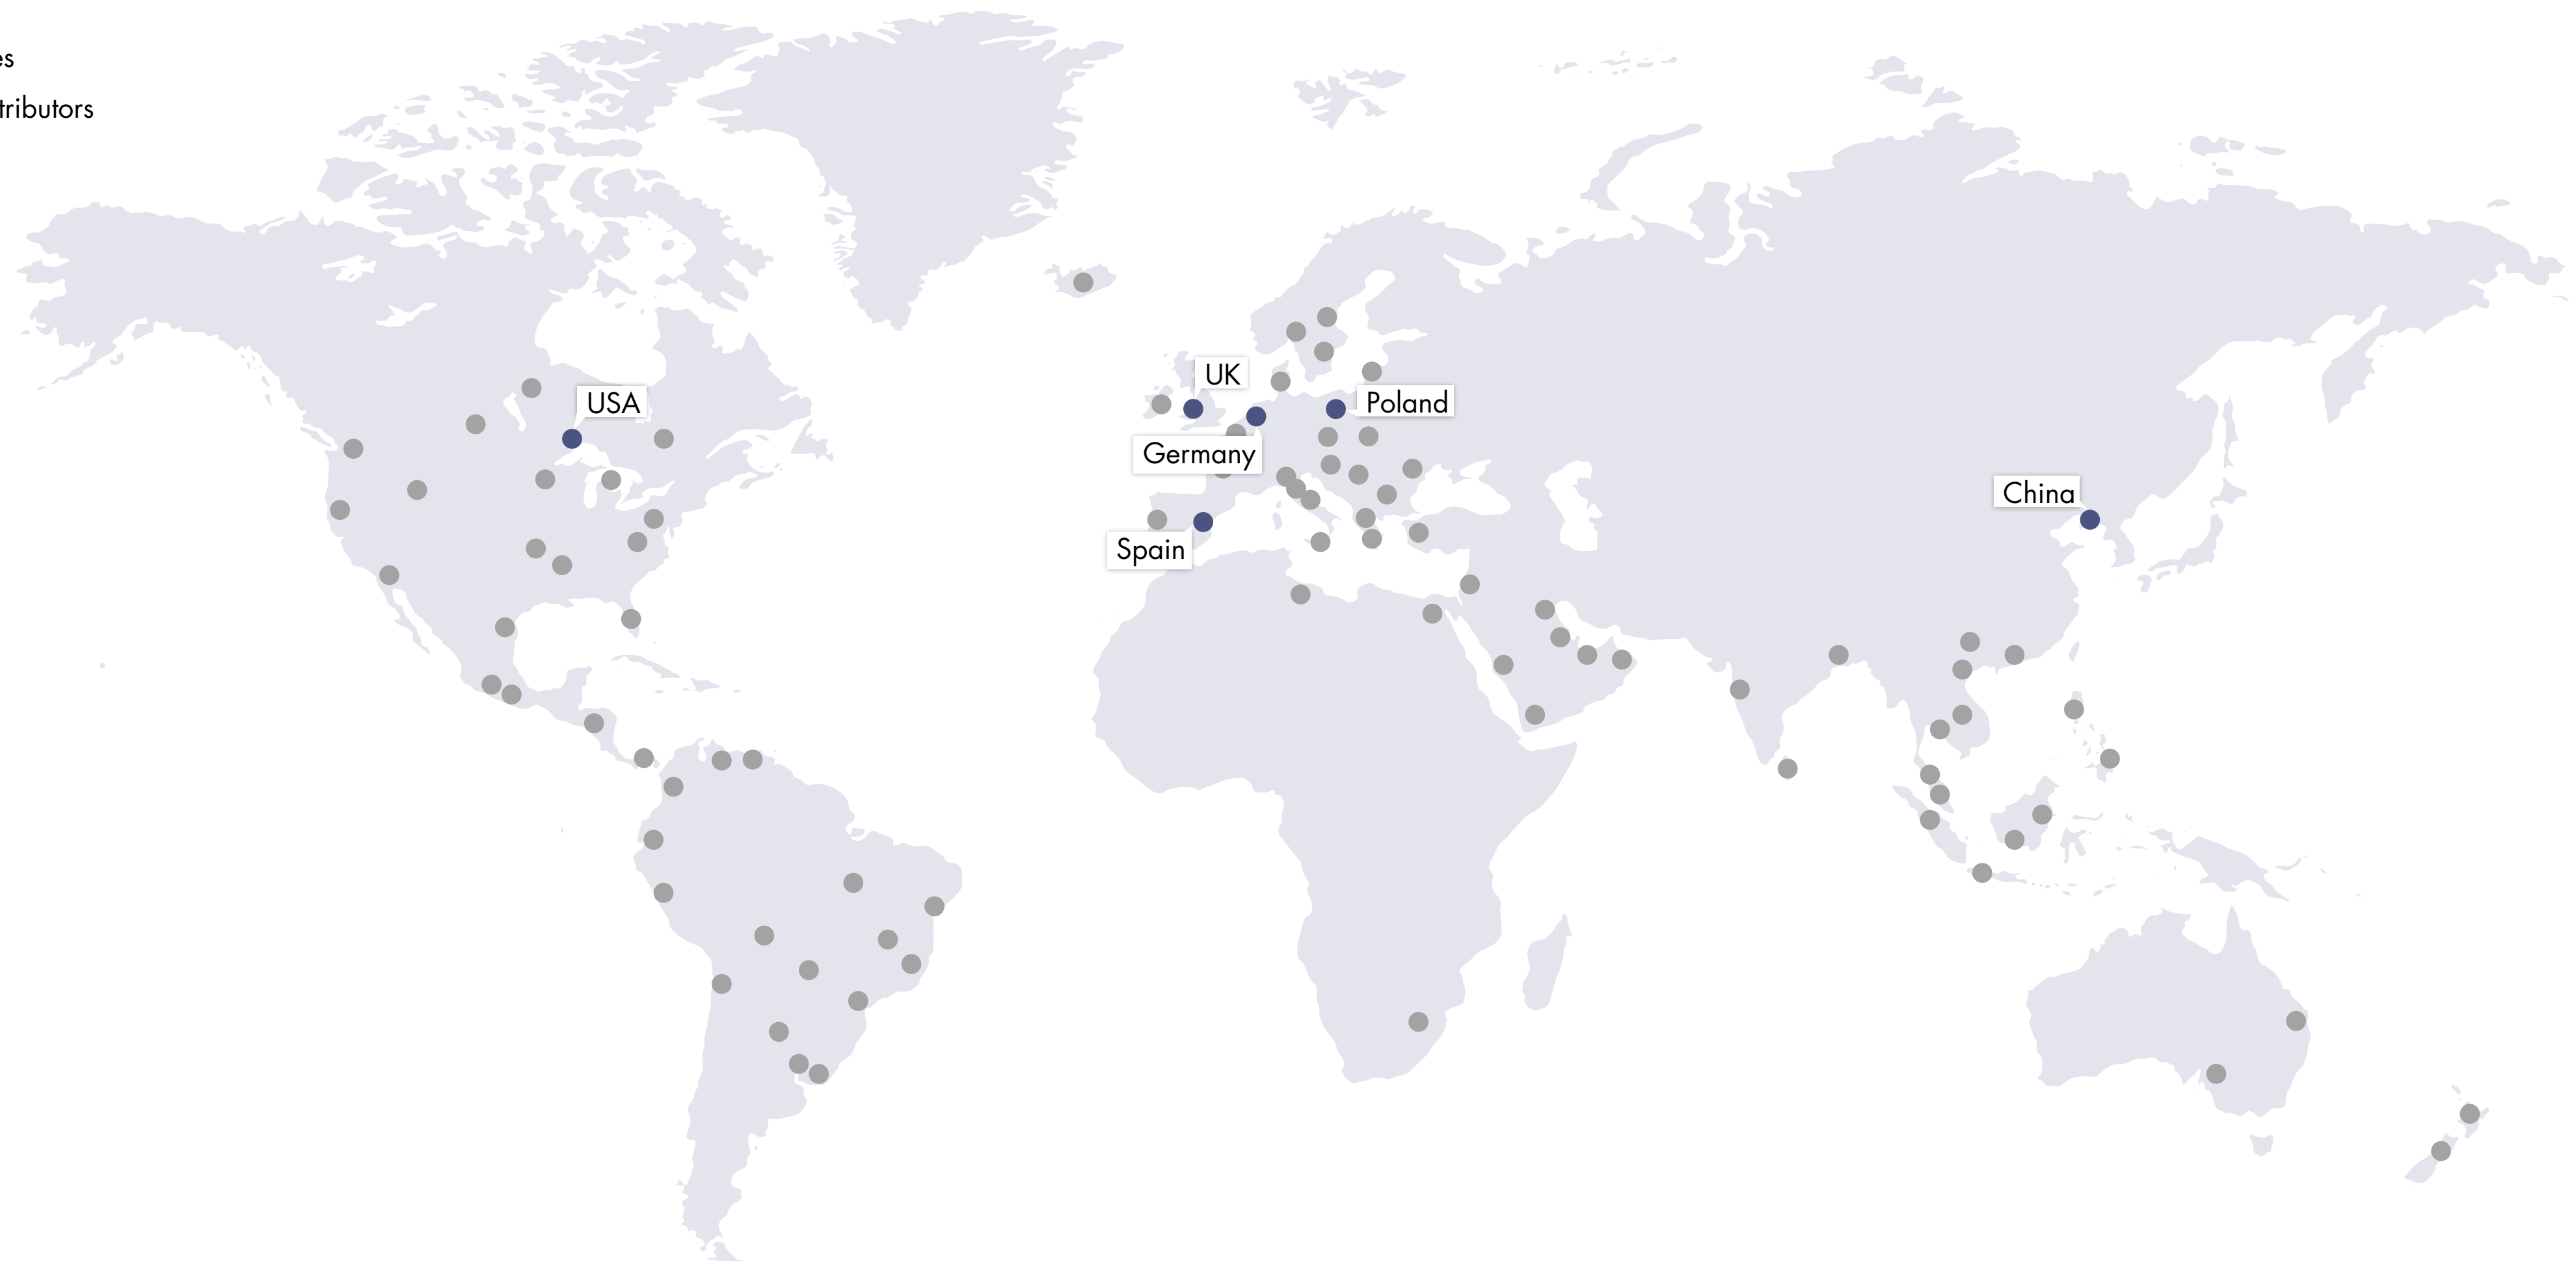

In May 2025 we were named a recipient of The King's Award for Enterprise – Overseas Trade Award.

This is the UK's highest business award, only achieved by a small number of businesses in the UK each year.

King Charles III and other members of the Royal Family and UK Government celebrate the occasion at Windsor Castle in June when IDL will attend a special reception.

GENERAL PURPOSE

World Class Manufacturing

Play Video

Global Manufacturing Facility

State of the art 8,000 sqm UK production facility

Materials centre, manufacturing and logistics consolidated onto one site

365 UK and 425 Group employees

We are currently producing an average of 1 600 drives per day, this is increasing with the addition of a night shift

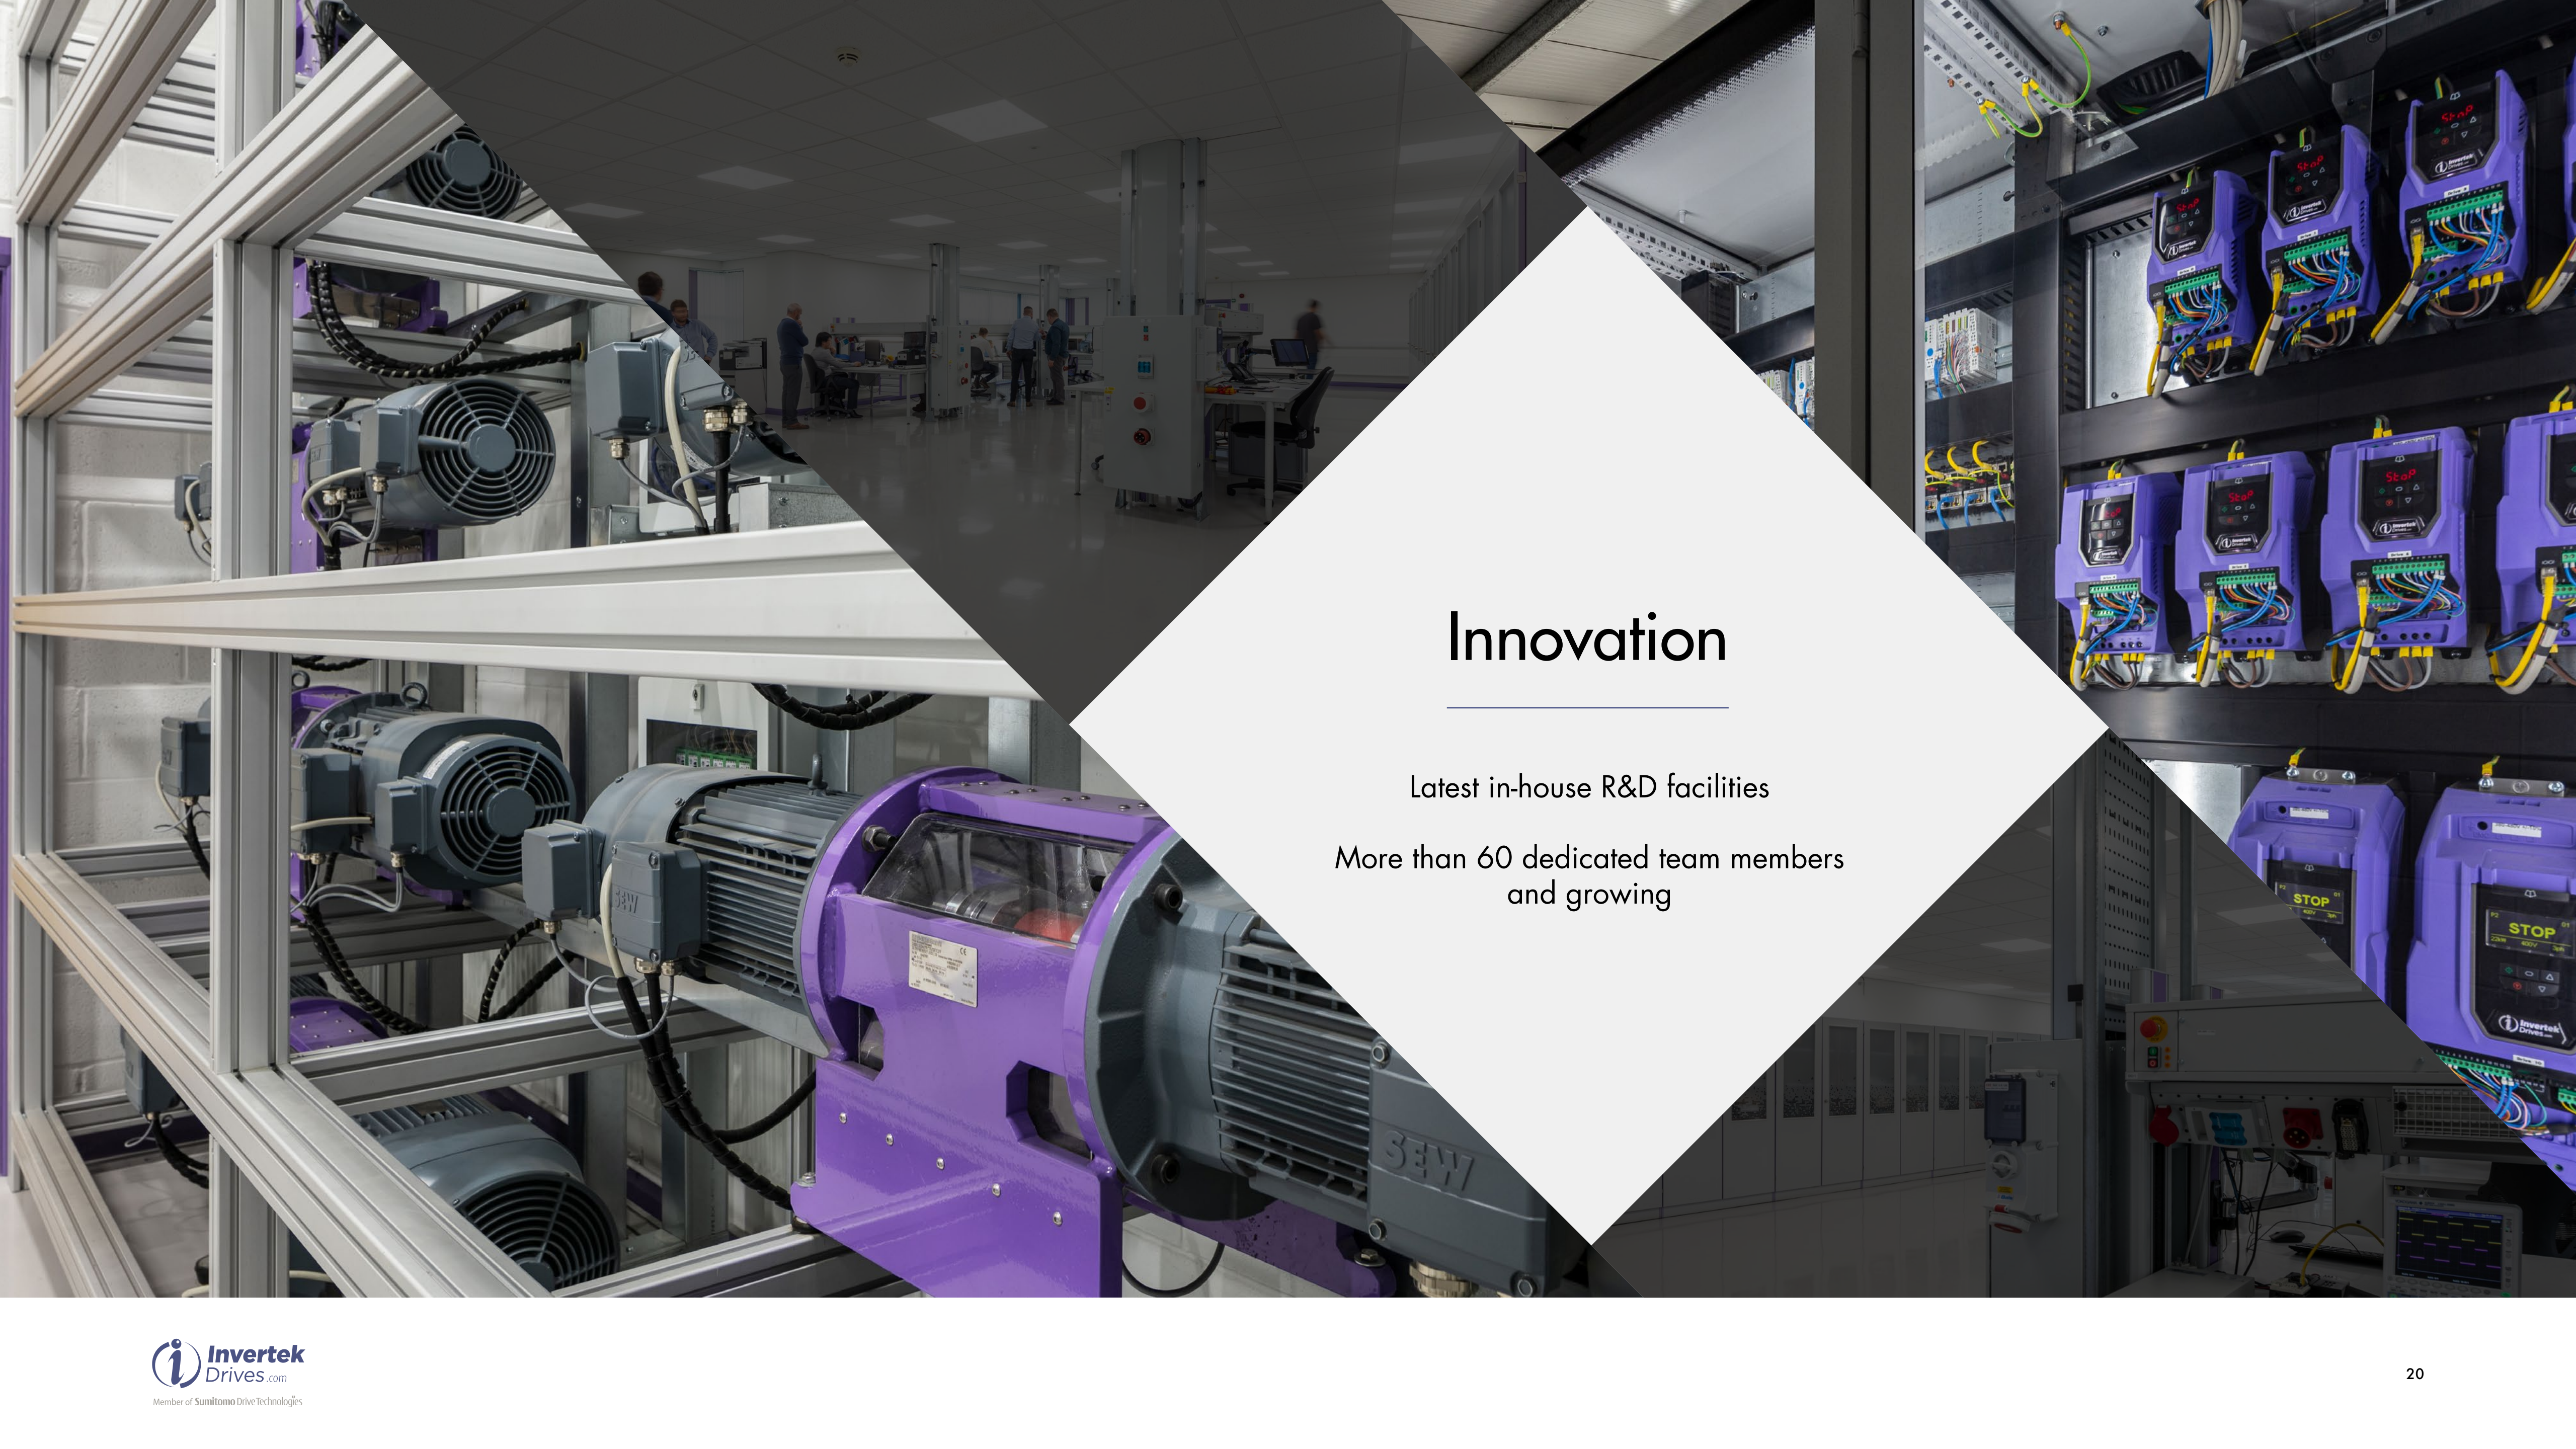

Daily output record is 2095 drives, set in January 2023

Materials Centre & Logistics

Extensive warehousing and logistics facilities with a temperature-controlled environment.

Innovation

Latest in-house R&D facilities

More than 60 dedicated team members
and growing

eleVator GEARED WORKSTATION

Application & Training Centre

Five meeting rooms containing real-life applications for demonstration and training purposes:

- Material Handling
- Fans
- Elevators
- Pumps
- Refrigeration

Bespoke classroom environment for 'hands on' product training.
